

Online Technology Resources for Adult Educators & Students

<https://www.digitalliteracyassessment.org/>

The Northstar Digital Literacy Project defines basic skills needed to perform tasks on computers and online. The ability of adults to perform these tasks can be assessed through online, self-guided modules. Included are basic computer digital literacy standards and modules in ten main areas: Basic Computer Use, Internet, Windows Operating System, Mac OS, Email, Microsoft Word, Social Media, Microsoft Excel, Microsoft PowerPoint, and Information Literacy.

Online Assessment System for Internet Students, or as we like to call it, OASIS! Our goal is to help you get a better understanding of what to expect from an online course. A customized report is generated following the completion of each survey. You can access your results via the Lookup tab in the upper left corner of this page.
